The Myrtle Creek ~Tri City Area Chamber of Commerce is a voluntary organization of the business community. The Chamber is a private nonprofit corporation that unites business and professional firms, creating a unique central agency working to improve business and build a better economy. A majority of the membership is comprised of small businesses and professionals. More importantly the Chamber is people...people just like you, who realize that, through the Chamber, they can accomplish collectively what none of us can do individually.

The **STRENGTH** of the Chamber lies in attracting the greatest number of members, creating a pool of resources from which ideas, energy and financial support can be drawn.

What you put into the Chamber is what you'll get out of the Chamber; therefore, those who become active benefit the most. When you join the Chamber, you will be encouraged to become actively involved with committees from time to time; this is where the work of the Chamber is really accomplished.

As a member, the Chamber will promote your business through published listings, newsletter articles, inquiry requests, and Chamber functions. We provide you with networking opportunities with other local businessmen and women at our monthly meetings. We reply to inquiries about the area and our local businesses.

We are your goodwill ambassadors, telling the state and nation about the commercial, cultural, visitor and recreational facilities of the area, helping to bring new businesses to the area and helping local businesses benefit from visitors to our area.

We are your advocate, establishing face-to-face exchanges between local business people and their political representatives.

We would like to extend an invitation to you and your business to join us as we strive to make a better Chamber each year.

We thank you for your consideration of financial and active involvement with the Myrtle Creek ~Tri City Area Chamber of Commerce. Visit us at: www.myrtlecreekchamber.com

“Our mission is to benefit our community by promoting communication between business, government, and individuals, and to encourage creation of new business and tourist opportunities while maintaining our unique small town appeal.”
